Individual persons are not reported under this indicator. 'Supported' requires that a local or regional authority has directly benefitted from AMIF funding to implement integration measures in a project dedicated for regional and/or local authorities. This includes e.g. training, capacity building, and networking. For the purpose of this indicator, this excludes local and regional authorities that are beneficiaries of an integration project as these are covered by another indicator. A beneficiary in the meaning of Article 2 CPR is a public or private body, an entity with or without legal personality or a natural person, responsible for initiating or both initiating and implementing operations. For the purpose of this indicator, local and regional authorities are defined by the national provisions. | Number |
